Center or Small Group Activities

I also use the pumpkin life cycle sequencing and vocabulary cards during small groups and centers.

We also bind them together for a class book or reader.

Pumpkin Life Cycle Card Games

We all know how much students love games so I teach students a variety of card games using the pumpkin life cycle cards. It is such a fun way for them to review and reinforce the pumpkin life cycle stages!

Memory – Lay the cards face down in rows. Students turn over 2 cards, if they are a match they keep the cards and go again. If they do not match, they turn them back over and it is the next player's turn. The player with the most matches at the end wins.
